Alen Eftimov

Full Stack Web Developer

About me

As a highly motivated and committed web developer and graduate Engineer for Electrical Engineering and Telecommunication, you will get with me:
- Work experience in various technical fields
- Compliance with high quality standards
- On-time project delivery
- IT-driven curiosity

Out of passion for digital technology and trends, I switched my career path to programming in 2019. In order to generate more know-how, I successfully completed a full-stack Web development course based on the MERN stack at DCI. I look forward to providing you with my knowledge and analytical skills in Web development.
